

4/1

1 Major Changes

Finsihed debuggin in the convex case.

2 Progress

Finsihed debuggin in the convex case.

3 Milestones

I am on track to meet readjusted milestones.

4 Surprises

None

5 Looking Ahead

I've worked less on the problem than I would have liked to the past two weeks. After the last round of mid terms finish(this week) I expect to be dedicating majority of time to the project.

6 Revisions

None

7 Resources

As far as I know I currently have all the resources I need.
